Moments . . .

Moments there are when heart and brain ring clear,
When the eyes see and when the apt ears hear
More in a seconds tick than in a year -
Moments at evening when the stars lean near.

And once I thought
Quick instants such as these,
That my new senses caught,
Were promises of vivid days to be
When I should stand grown up,
And brave, and full of careless, flaming song,
And free.

Those days have never come.
And now I know
That in this world of ours
Such moments never grow
Into a day -
Not even into hours -
They are as rare and brief as desert flowers.

There may be worlds where deathless shepherds lie,
Watching their starry flocks graze through the sky,
Pastures of lotus in the fields of space,
White with the tents of an eternal race,
Deep as the eye of a blue, land-locked sea
That timeless calm would seem to you and me;
Its aeons short with long felicity,
But strange, how strange!
Without the yeast of change.

Give me no changeless hours, for I know
Moments of earth are sweeter that they go;
Pluck me no deathless roses from the sky;
They bloom forever, but ours wilt and die.
Earth's joys are whetted on her stone of sorrow.
Tears are real tears while we can laugh tomorrow.

The Rebel Staff Dedicates . . .

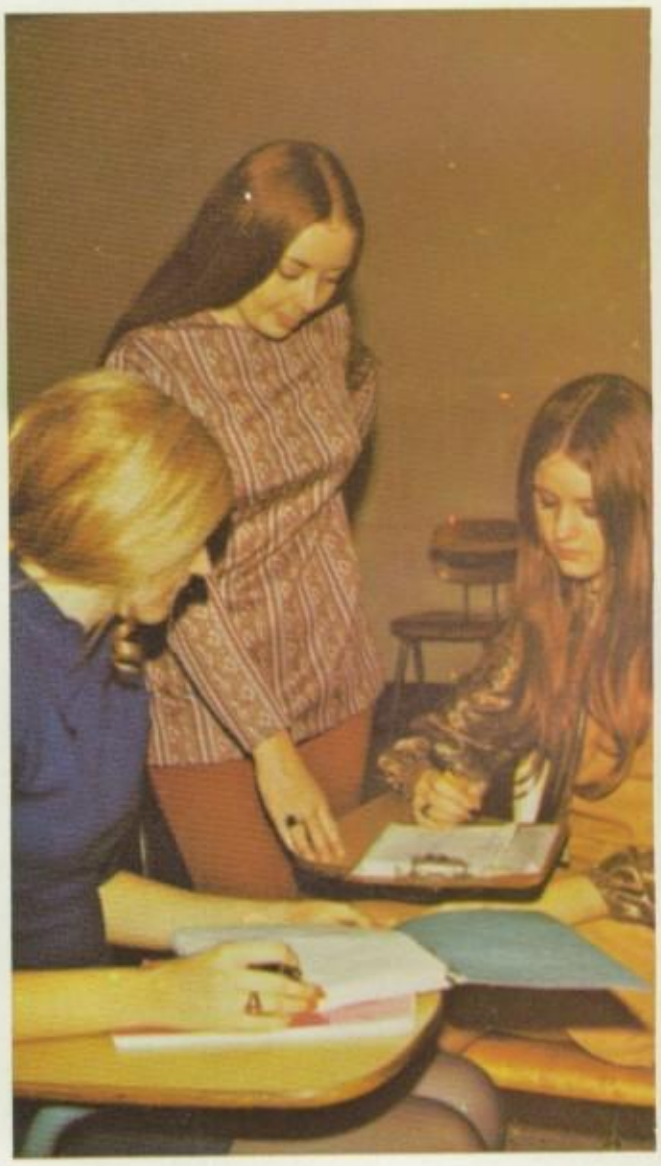
. . . the 1973 REBEL to a woman who is herself dedicated. She is always smiling, and her warm personality shows everyone that she is a friend. She is ready to help at all times, but she never asks for anything in return.

This is your REBEL. We have collected these memories and lived these pages for you. Because you are a constant part of our high school life, we dedicate this book to you, Mrs. Jerry Forrester.

We Appreciate . . .

The 1973 REBEL Staff would like to take this opportunity to express our deep appreciation and gratitude to Miss Nancy Crandell for her time and effort.

She has helped us during our time of need and she has inspired us to do our best work. Her undying humor and wisdom have helped us through the troublesome times. This was her first year as advisor of the yearbook, and we would like to say "Thank You" for having made the 1973 REBEL possible.



Moments . . .

to Remember

We've had our moments together . . .

Frank,
You are a very
dear friend of
mine. I'm also a
good-looking
young man. I think he
would be
good for you.

Hi!

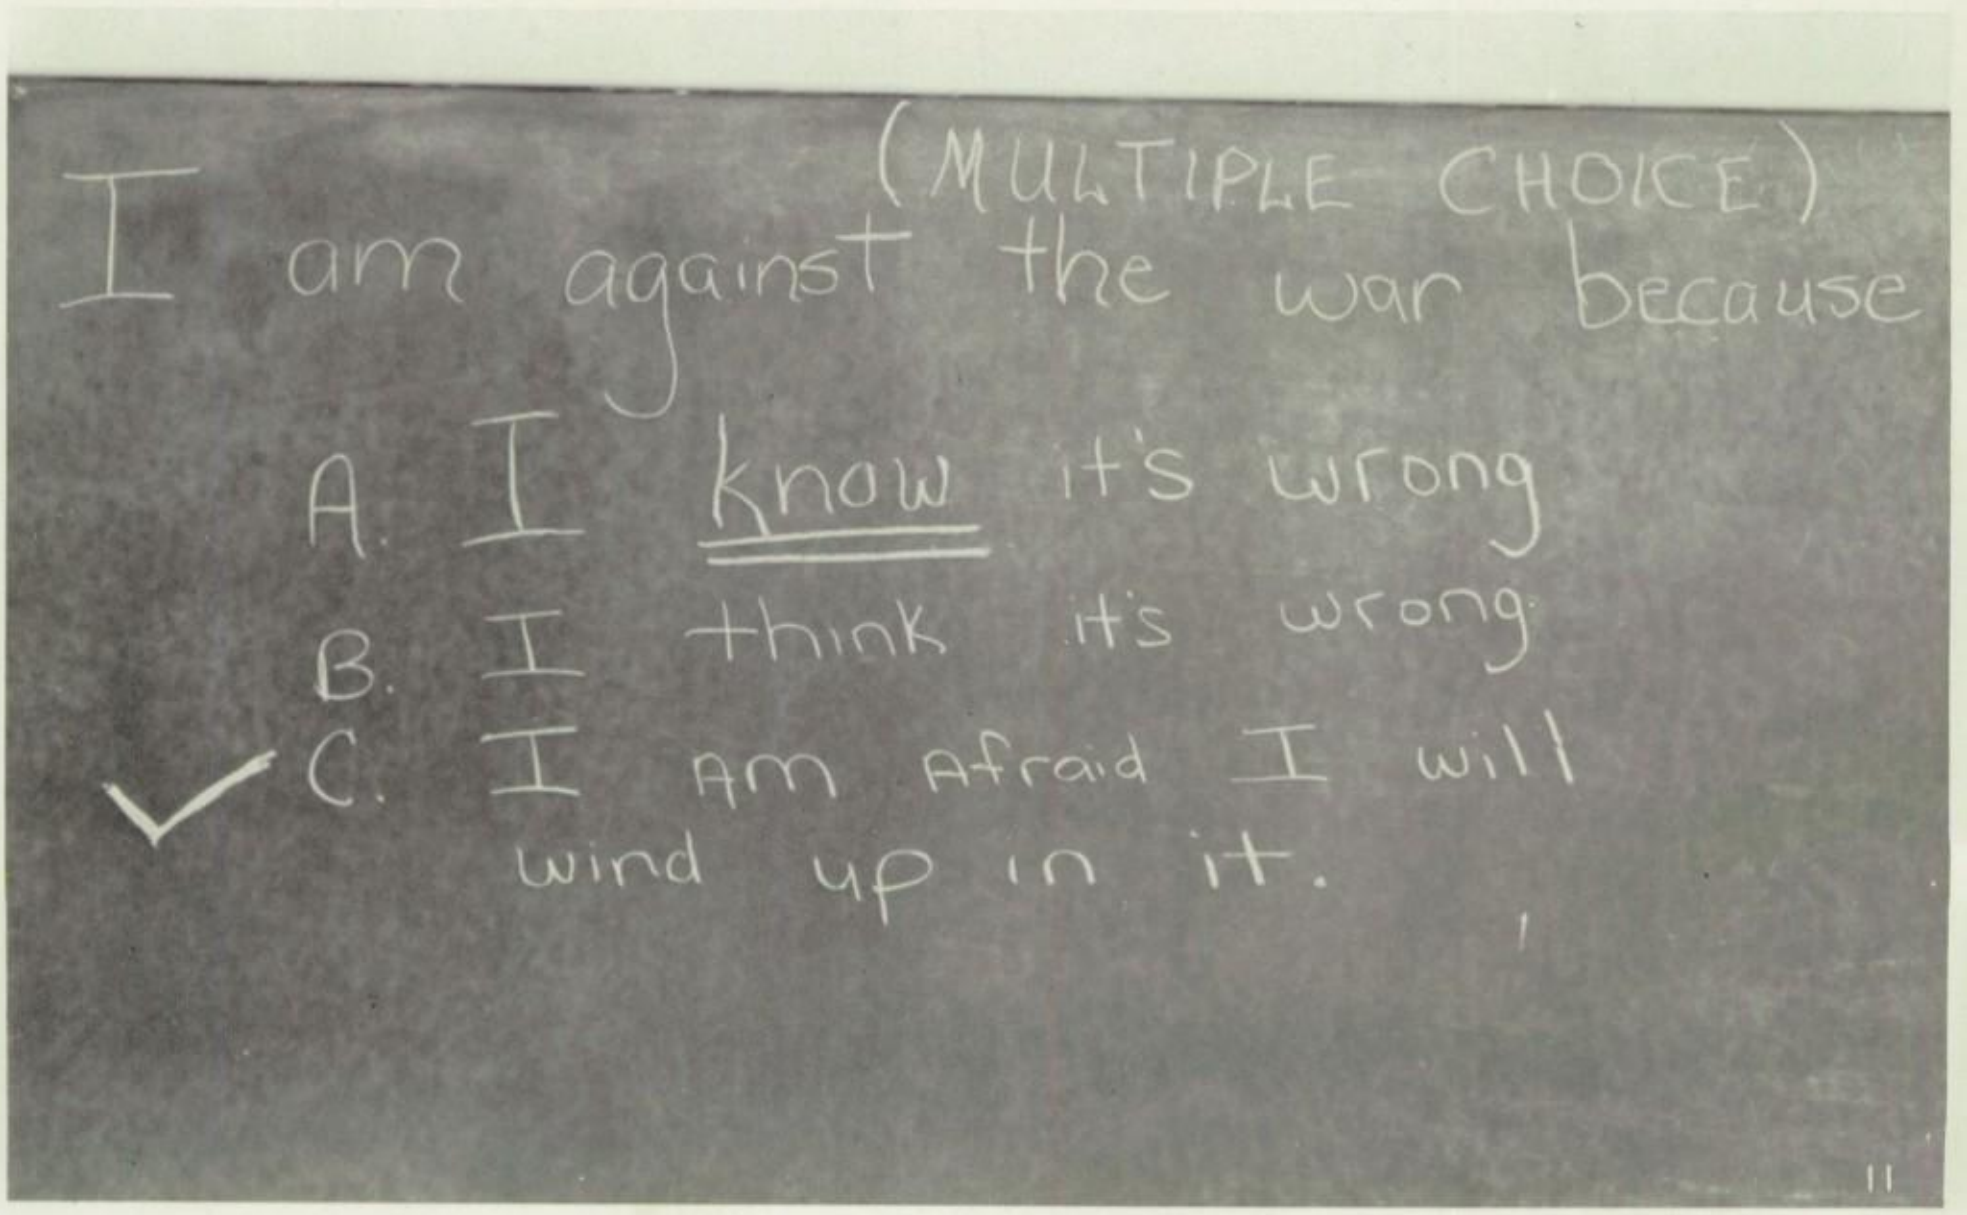
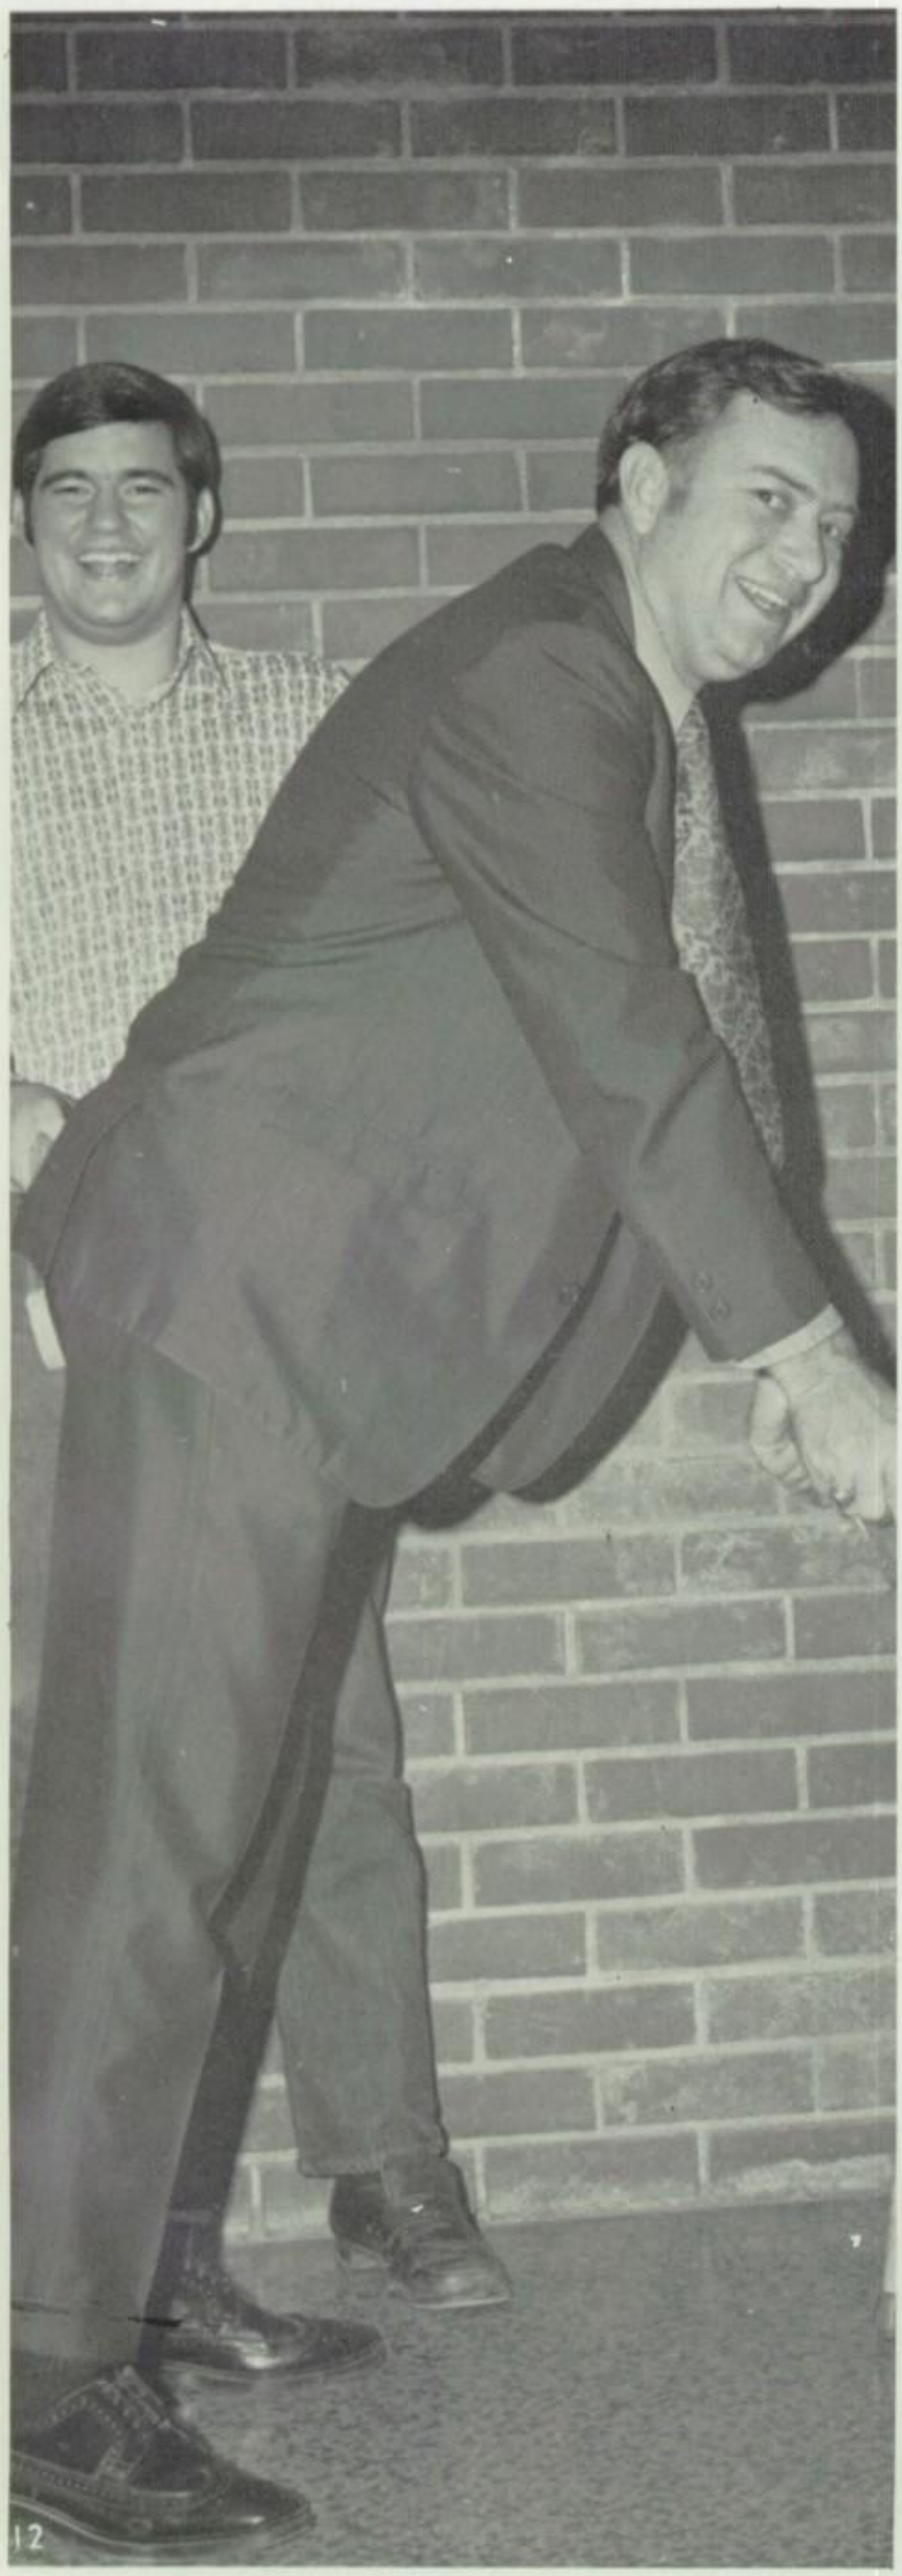
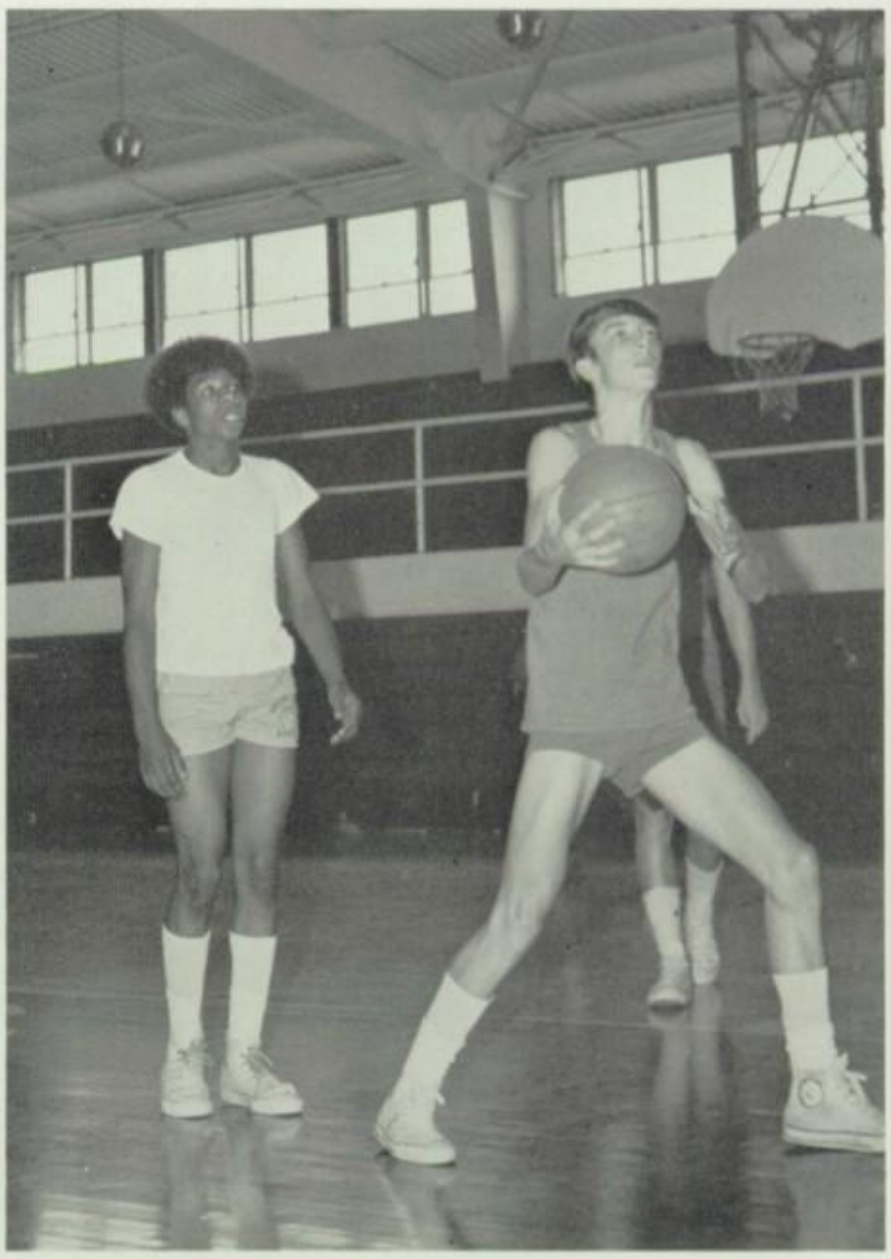
But a Moment . . .

It takes but a moment to catch
a much needed snooze . . .
but a moment to
reflect on the team's chances . . .
but a moment to repair a March
kite . . . but a moment to secure
possession of an elusive ball . . .
but a moment to measure
and apply . . .
Hold fast the moment!





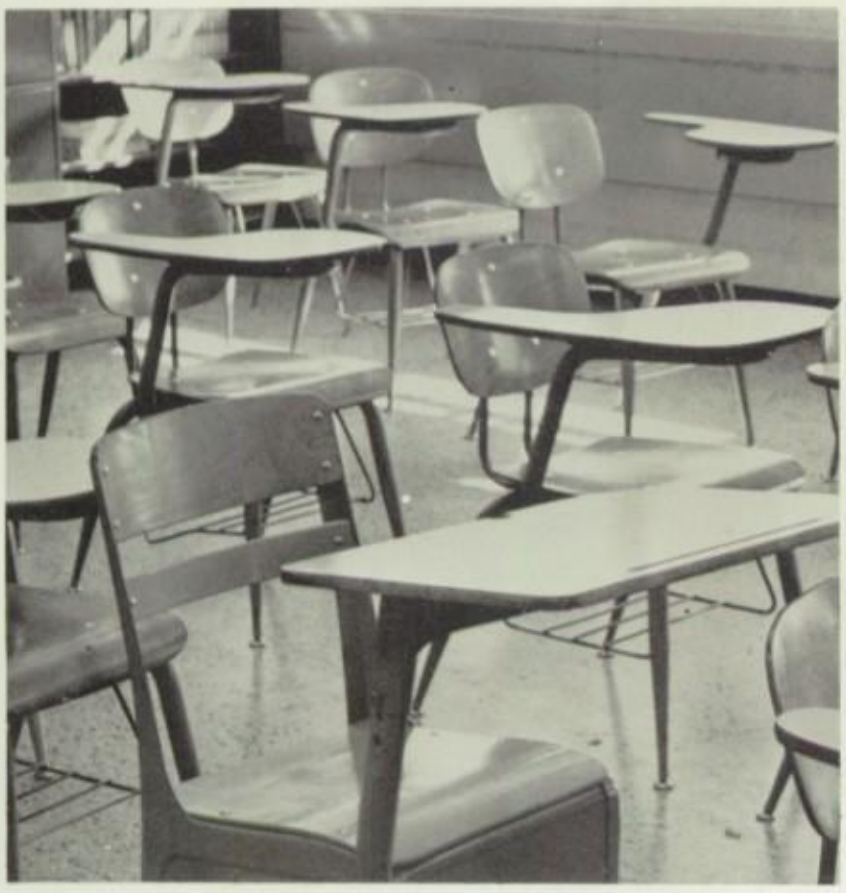


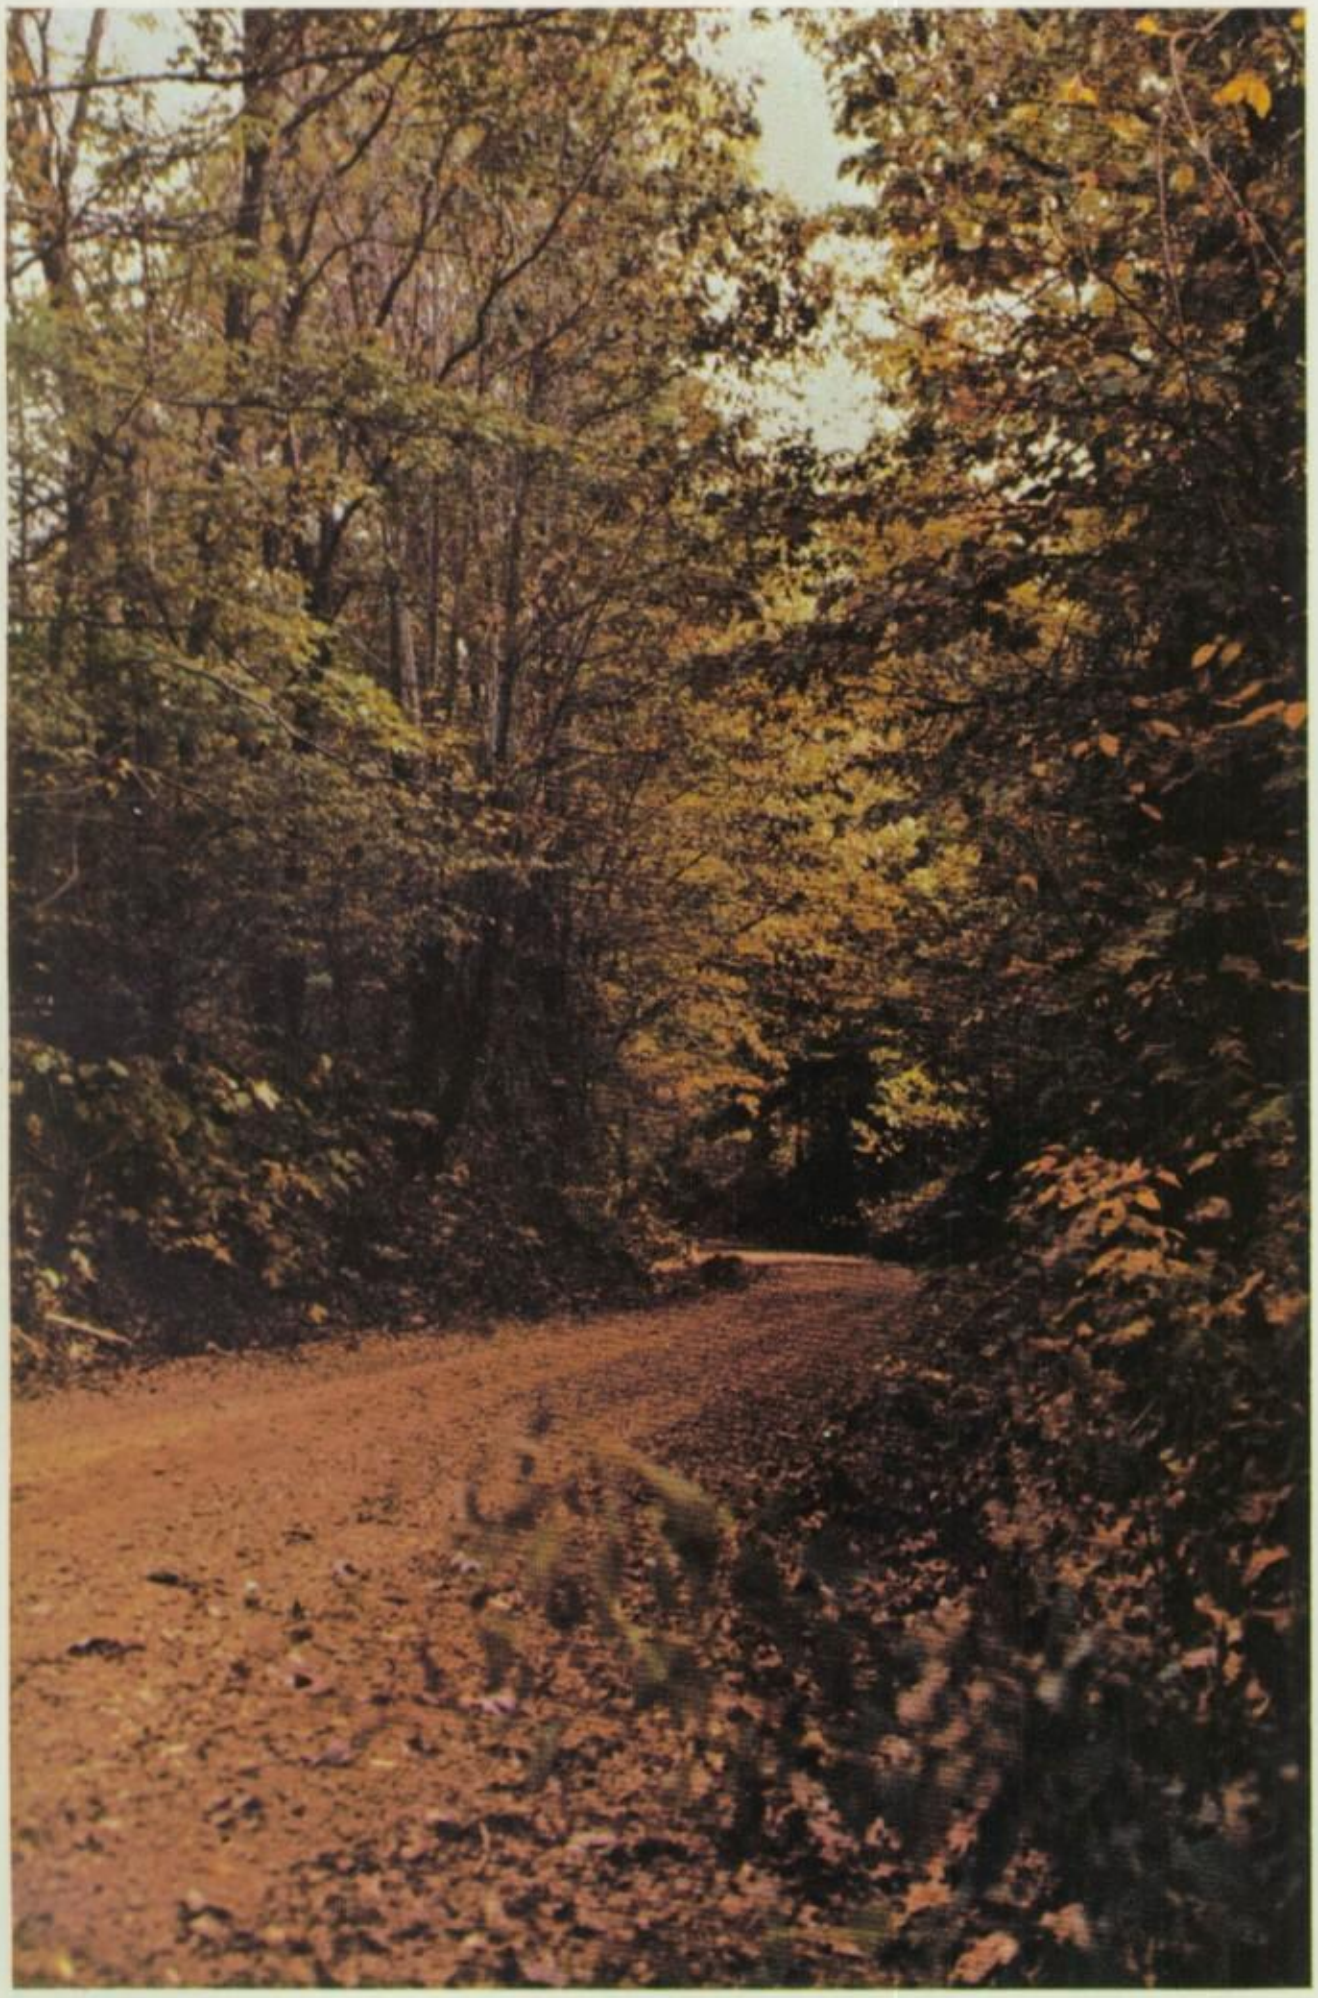
Just a Moment Please . . .

Fleeting . . . moments of intense interest fleeting by . . . but gone . . . now they are gone . . . like the dying shout of support . . . to be left unattended . . . unattended until rescued and retold . . . a yearbook never forgets!

Seniors
together get
things done,
That's the way
the world is won.
We are together,
together are we,
We're the
Class of '73.

Every day we walk
through the same doors,
sit in the same chairs,
and lean against the same lockers.
During our year the path
never changes,
only our direction and
destination.





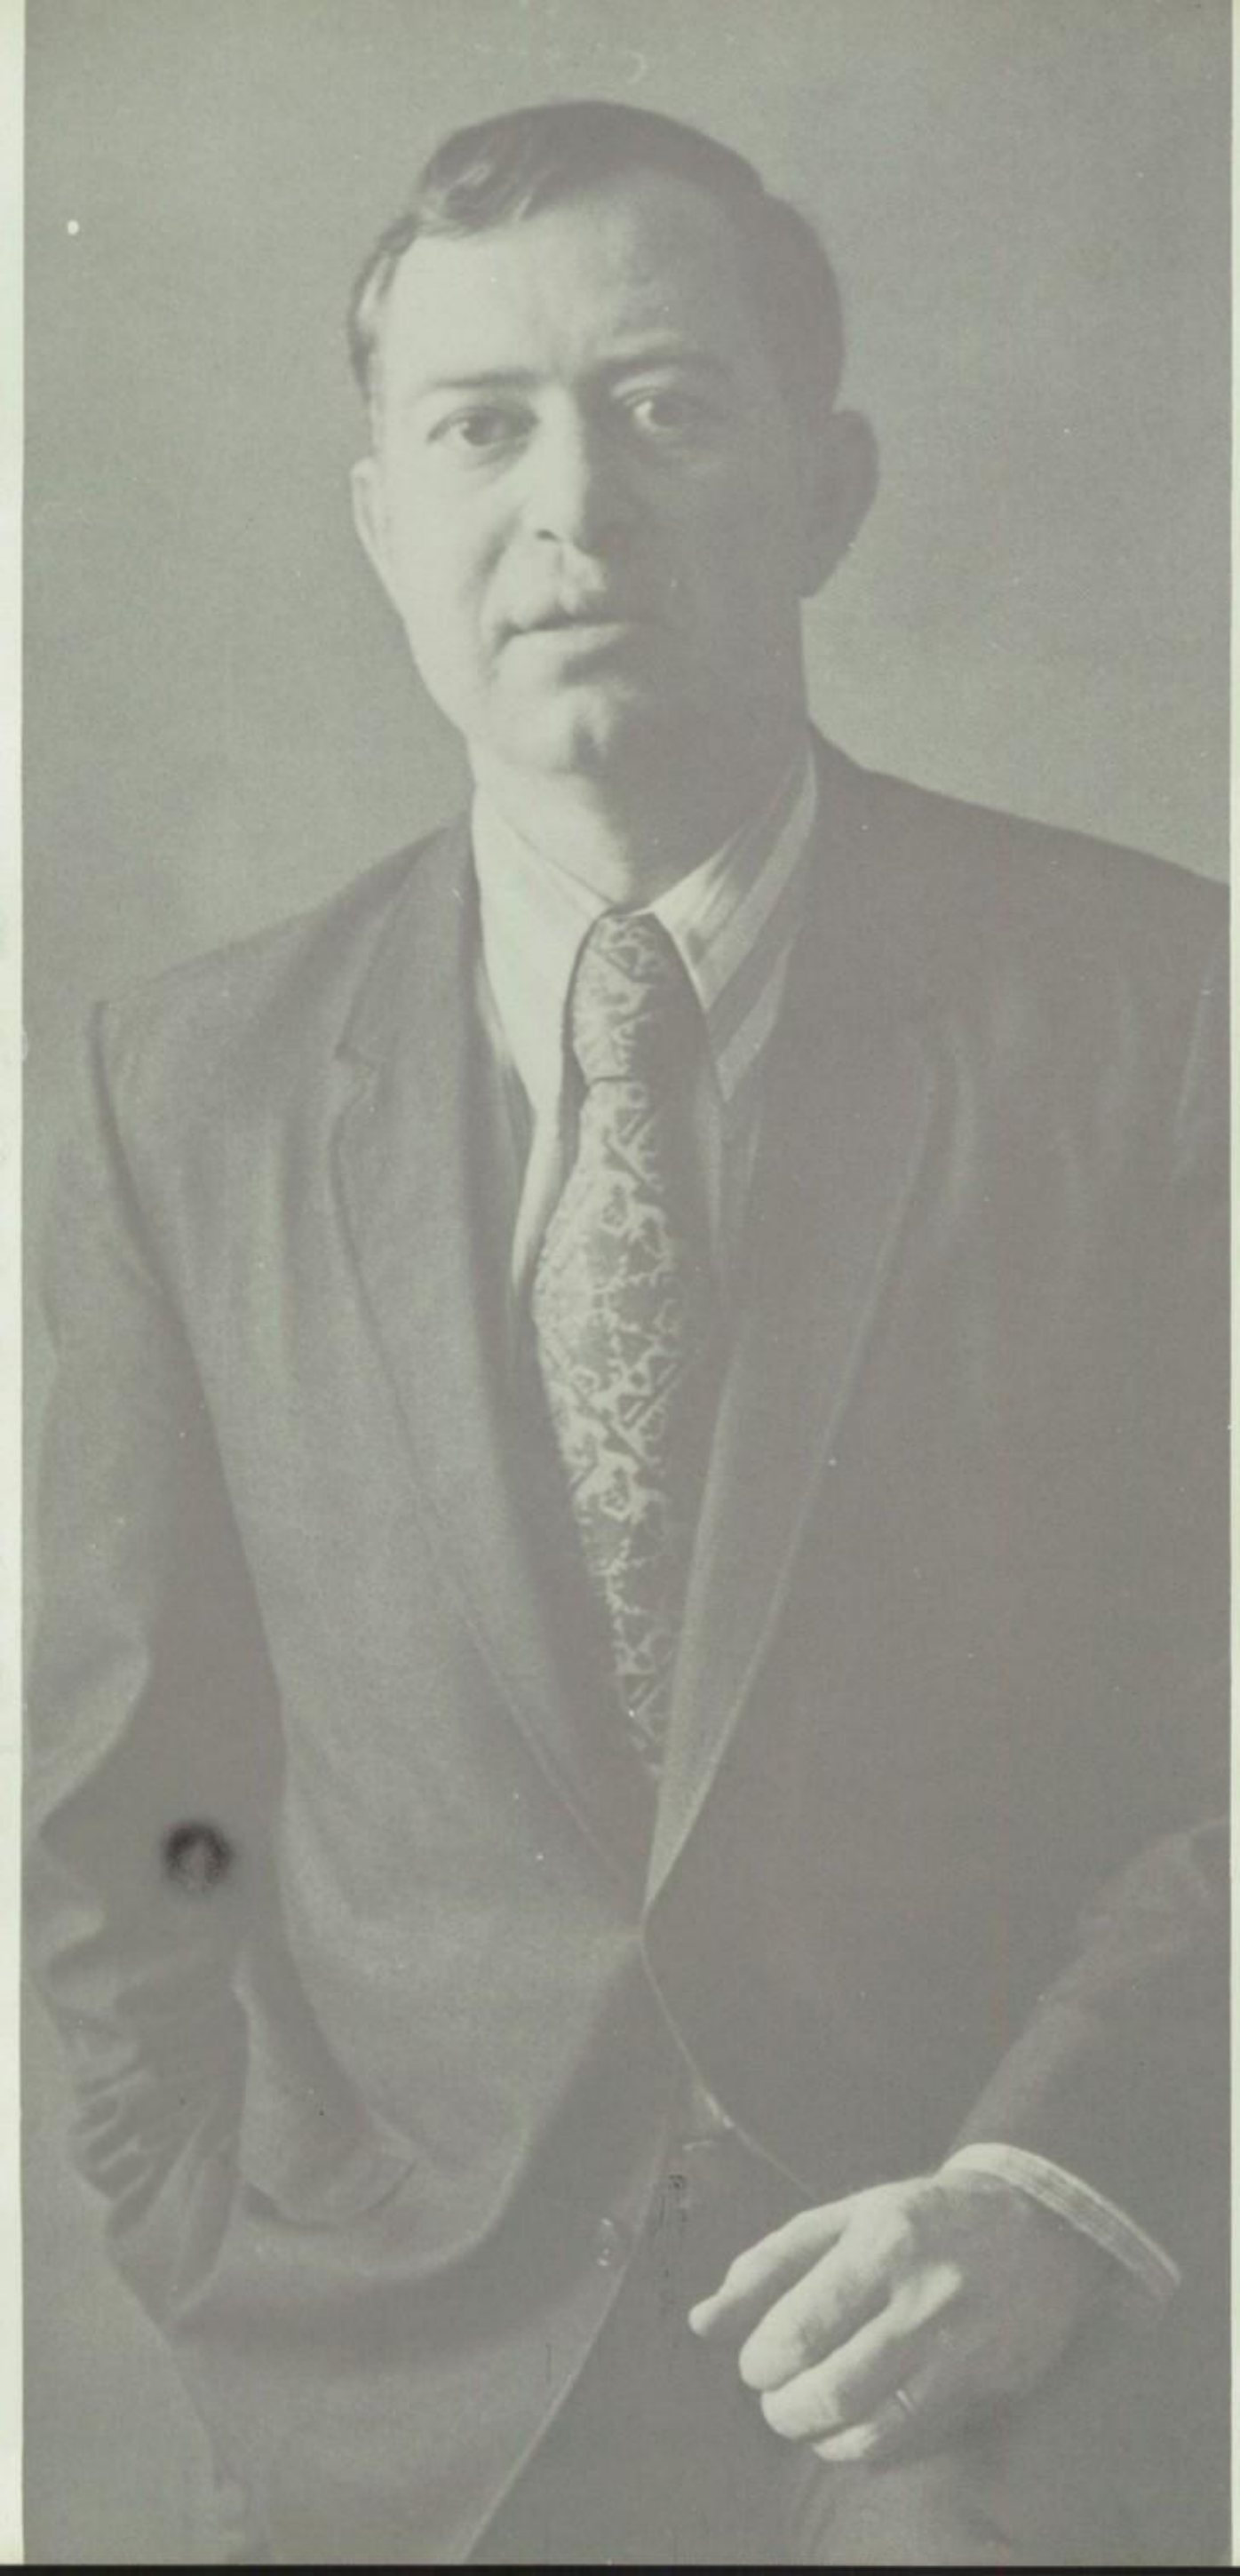
It's

a

long,

winding

road.



Moments of Teaching . . .

Bill Forrester — Principal

PRINCIPAL'S MESSAGE

TO THE STUDENT BODY:

During your days at Central, I hope you discover and accept the challenges that Central will offer you.

The one challenge that each age meets is to live more nobly and to live well for the benefit of others.

I feel confident that each of you will meet these challenges of Central and the world will be a better place.

May it be your ambition to make the fullest use of all your talents and opportunities. Whatever you do - do the very best that you can. As someone once said, "Give to the world the best you have and the best will come back to you."

MAY THESE BE YOUR BLESSINGS

Whatever paths you follow,
May these blessings come your way -
Cherished friends and loved ones
To brighten every day,
Work that makes you happy,
Rest that makes you strong,
A sense of humor to see you through
Whenever things go wrong,
The strongest faith, the brightest hopes
That Heaven can impart,
Serenity and wisdom,
An understanding heart,
An awareness of life's beauty,
An answer to your prayers,
And the blessed reassurance
That God understands and cares.

COACH DON DEFINO Don DeFino

TO THE FRESHMAN FOOTBALL PLAYERS

Welcome all you football players
You've only just begun.
Keep up the good work and next year
You may again be number one.

I've noticed at several ball games
The first half was kinda slow
But after the pep talk by Defino, at half time
You really were on the go.

The referees were very good
To keep up with your speed
They penalized you plenty
They did, yes indeed.

Let's not forget the cheerleaders
Who number only six
And to the managers who follow you
To keep you out of a fix.

The coaches too, I must commend
For what you've put them through
So dig in boys, and have a good time
We're very proud of you!

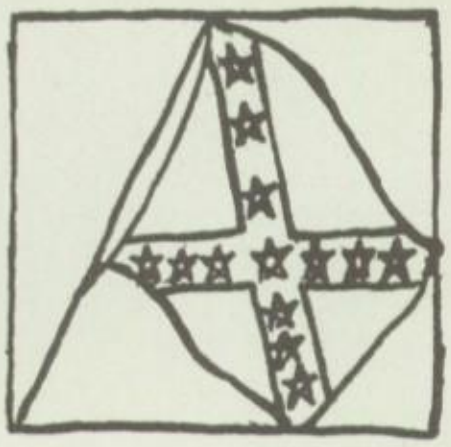
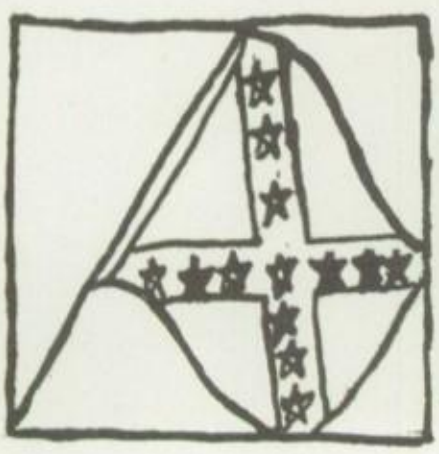
Senior Athletes — Moments of Dedication . . .





"It's All in a State of Mind"

If you think you are beaten, you are.
    If you think you dare not, you won't.
If you like to win, but don't think you can,
    It's almost a cinch that you won't.

If you think you'll lose, you're lost.
    For out in the world you'll find
Success begins with a fellow's will;
    It's all in a state of mind.

For many a game is lost
    Ere even a play is run,
And many a coward fails
    Ere even his work is begun.

Think big and your deeds will grow;
    Think small and you'll fall behind;
Think that you can and you will;
    It's all in a state of mind.

If you think you're out-classed, you are;
    You've got to think high to rise.
You've got to be sure of yourself before
    You can ever win a prize.

Life's battles don't always go
    To the stronger or faster man,
But sooner or later, the man who wins
    Is the fellow who thinks he can!

Christmas Again

The department store Santas are at it again, ho-ho-ho-ing at the kids and patting them with fatherly affection on their little heads. [illegible] people [illegible] and get stuck with some dumb clerk who never heard of sizes and doesn't know how to wrap a simple package.

Then, come home to be greeted by the same old tree, turn on the radio and hear the same carols, hide the gifts in the same old places, and send out Christmas Cards to the same old people.

Honestly, it's the same old stuff all over again: the same kind of hints from the family, the same childish stockings hung up, the same kind of candy, the same mistletoe jokes, the same colored lights strung on the porch, the same wreath in the window, the same fuss and bother visiting relatives and friends.

Yes, its the same old stuff.

At last the waiting is over, the gifts opened, the oohs and ahs expressed, the wrappings crushed and put the garbage, and the misty-eyed thanking starts. Then everyone has something to remember about some past Christmas.

When sentimental nonsense stops for a few seconds of silence, somebody is sure to pop up with "Merry Christmas" [illegible] "Peace on earth, good will toward men."

Resolutions For The New Year

Since Christmas is approaching, this reporter has decided it is time for all students to be thinking about their New Years Resolutions. Below are a few early resolutions. "I do hereby resolve--

Cynthia Coleman -- To keep Charlotte from falling out of John's car when she is lit.

David Morris -- To stay away from freshman girls.

Janet Brinkley -- To never run down the road with my jeans falling down.

Martha Coleman -- To never again lend Janet Brinkley my jeans.

Stephanie Callahan--To not get caught shooting birds in Biology.

Kim Moss -- To never wear white gloves in Journalism again.

Donece Murrah -- To never talk about chicken breasts in English class again.

Donnie Moran -- To never work at E.W. James again.

Shelia Still -- To be with Mark as much as I can.

Danny Gammons -- To graduate and be happy.

Tressia Montgomery -- To get my section of the annual out on time.

Tommy Victory -- to do better in Physics.

Regina Duff -- To pass Algebra.

Gretta Jones -- To be able to skip study hall and not get caught.

Theresa Sampson -- To make

velvet would be a nice change. It's also terribly comforting to have something over your head on stormy nights. Since I am quite nervous, a night without being able to change positions might well cure me of wriggling.

Be sure to put a lock on the inside lid, because I am quite frightened of burglars, and, oh yes, a small night light, if you please.

As to the black color, that's because my eyes are very susceptible to light, as I work a lot at night.

Could you also put in a small heater near the foot of the coffin? As I work only on rather messy night, my paws, uh, feet,

will ask for something more interesting and educated than the other kids on my block. Unlike me, they still dote on rocking horses, teddy bears, and play trucks. I have decided that I want a Hungarian pinching beetle from a rare Gabor tree. Santa (while you are at it) you could also bring me a leaf from the Gabor tree. I'm sure the Hungarians won't mind. All this year I have ached to have a Hungarian beetle to put on my wall with my other captives. The bright colors of the beetle's go back perfectly with my room decor. My Mom says I can have this present because it is cheap and easy to care for. Another reason I need this beetle is to scare unwanted visitors from my private domain. Santa, [illegible] for Hungarian beetles and [illegible] this year, so if at all possible, bring them. I don't think I could show my face at another pre-school bug collectors convention without this rare species. Santa, I have been good this year, (attended kindergarten every day), so I think I deserve a small reward for my achievements.

Faithfully Yours,
Buggie McBrain

half and outscored us by only 11 points. We saw David Jerden, our shortest man, playing an outstanding game on both offense and defense and ending the game with 18 points. Mitchell Moss followed close with 16 points.

Our next game was with Milan as the Rebelettes took the victory 56-50 while our b s lost the contest 74-65. Tha irl's game was quite a tangl om the start but we put all together and had outstan ng play after the first period. Melinda Thompson was leading scoring with 21 points and Sherry Henry chalked up with 17 points. Coach Hatch switched Jackie Brent to guard after the first canto and played Karen Calhoun as forward as she played extremely well and finished the night with 12 points. In the boys game, our Central men played a great defensive game, but on offense they couldn't get things going. It was Mitchell Moss who came out top cat with 34 points and Dennis Eason added 12 to the Rebel attack.

Our fifth game of the season was with the Trojans from Dyersburg. This will be a night to remember as our Rebels took their first victory of the season 65-50 and our Rebelettes taking their fifth straight victory 44-28. We had Sherry Henry as the leading scorer with 19 points and again we had fine offensive play from sophomore Karen Calhoun as she scored 14 points

determination was quite a bit smaller than ours because we came out with two victories. In the girls game our Rebeletties came from a 25-23 halftime lead to a 54-35 final score. Melinda Thompson was our high pointer with 24 points and Sherry Henry and Karen Calhoun had 12 points a piece. We had outstanding defensive play as our guards limited them to only 12 points the last half. In the boys game it looked like we were going to face another defeat, but our boys came back from halftime with stars in their eyes and outscored the Chargers by 18 points and Mitchell Moss had 11 points also to be in double figures.

We are proud of both of our Rebel teams and we wish them the best of luck throughout the rest of the season. We want each player to know that we are behind them all the way.

The Magic Of Christmas

Rouser

There are many lovely legends about the Yuletide season. One of the most charm about the origin of the le Mexican girl who wept because she had no flowers to place beside the manger in her church on Christmas Eve. An angel told her to pluck a weed, put it on the altar and wait. The child did so and before her eyes the weed blossomed into the vivid and beautiful poinsettia. Christmas is one of the most beautiful times of the year. This is a time that everyone should think of someone else and not of themselves. Listen to a child, and he will teach you something of love, faith, and wonder. Listen, and you will learn from the child what this old proverb suggests:

"If there is right in the soul
There will be beauty in the person;
If there is beauty in the person,
There will be harmony in the home;
If there is harmony in the home,
There will be order in the nation;
If there is order in the nation,
There will be peace in the world."

Live within your income and you'll live without a lot of other things.

Especially at Christmas.

THE REBEL Staff

The 1973 REBEL Staff would like to thank those who cooperated with us in the production of this book — teachers, students, merchants, etc. The list is endless.

Our sincere thanks to Mrs. James Huey and Mrs. Tom Morris for allowing us to invade their beautiful homes to take pictures.

THE REBEL Staff

A Chance to Return . . .

Many of us will be leaving Central - some never to return to the high school life again. Others will return next year, only to find OCCHS not quite the same as when they left. As we move on to face the world, we must contend with the present and look to the future.

For those of the 1973 REBEL staff, this book will bring back memories of hard work, lots of fun, and a feeling of accomplishment. Speaking as the Co-Editors, we would like to thank the staff for their tireless efforts and to Miss Crandell for never giving up on us. We would like to give special thanks to Tressia Montgomery for designing the cover of the '73 REBEL. The memories of the staff working together will never be forgotten.

For you as a student, administrator, or alumni, maybe this book will help you to recall enjoyable moments spent at OCCHS. Perhaps it will afford you the opportunity - for some of those golden moments - a chance to return . . .

Kim Moss David McKinnis

To a Great Guy,
I have enjoyed being in Biology with you this year. Good luck in everything you do. Stay as sweet as you are now and you will go far in life.
